Day Two

Breakout Sessions the right time to generate active discourse.

Rules of Engagement

Conference Norms

- This is a participatory, non-attribution forum. Help everyone understand your point of view, respect everyone's right to do the same
- Recognize now that we must develop a team approach and at times, may sacrifice optimum performance to establish common ground
- Let the facilitators and team leaders do their jobs, they're here to help us stay focused and on track
- We're constrained by time, help us work through an aggressive agenda
- We're attacking tough, complex issues…expect to teach *and* learn, stay flexible
- Keep the right level of detail and granularity for the entire audience and conference objectives
- Minimize side-bars, wait to be recognized, and stay focused

Bottom Line

We Expect you to <u>Listen,</u>

<u>Ask Questions,</u>

<u>Help us identify challenges to T2 ,</u> the JTS and developing the Future JTS

<u>Help us develop the solutions for the Joint Training Continuum!</u>
